CAM EVMS TRAINING BENEFITS:

- Fast and effective way to learn the basics of EVM
- Better program reviews through CAM training
- More than 15,000 students over 20 years
- Part of an integrated CAM training curriculum
- Backed up by a full range of EVMS services

BETTER PROGRAM REVIEWS

Thirty-five years of experience has shown that a program has better reviews if your CAMs know their roles in supporting EVM. The training is most applicable to the following reviews: Progress Assessment Visit, Validation Review, Compliance Review and/or surveillance reviews.

REDUCING RISK THROUGH TRAINING

Continued training is critical for maintaining your investment in the development and deployment of the EVMS for your program. On-going education enables an organization to improve the project management practice, resulting in better project execution and increased profits.

COMPREHENSIVE CAM TRAINING

This course is part of an integrated CAM training curriculum designed to make CAMs and other team members more effective at supporting EVMS for their program. The curriculum includes: this three-day CAM Training Course, CAM Interview Coaching, CAM Certification, and client system-specific training.

MORE EXPERIENCED TRAINERS

Our instructors are professionals who don't just teach EVMS, they are experienced EVMS implementers and users. They breathe life and relevance to EVM principles through years of hands on EVMS experience, sharing valuable lessons learned and best practices.

Our trainers average 10 years of hands on, EVM experience, making the training more effective and enjoyable.

FULL RANGE OF EVMS SERVICES

SMA does more than train... we actually do EVM. If your EVMS implementation needs additional support, we can provide it.
